2. Learning Outcomes

- LO1 Propose email marketing strategies to address intended objectives and target customers.
- LO2 Manage newsletter audiences for a particular market segment.
- LO3 Develop effective email campaigns to meet an email campaign objective.
- LO4 Automate marketing processes to improve efficiency.
- LO5 Evaluate campaign effectiveness using analytics reports.

3. Facilitation Principles

- Use the PPT for mechanism visualisation, technical dialogue and evidence interpretation; do not demonstrate click-by-click procedures from the slides.
- Use the Learner Guide and lab PDFs for detailed procedures, prompts, troubleshooting and acceptance checks.
- Keep live sends, destructive audience changes and production publication outside learner scope; use the supplied mock adapter.
- Require approved sources, artifact checks and observable campaign evidence before accepting a Cowork response or learner conclusion.
